### Letter of endorsement for Mark Terry

To Whom It May Concern:

It is my pleasure to recommend Mark Terry for future venues. We had the chance to have his visit on the west coast and organized the film screening of "The Antarctica Challenge: A Global Warning". The event took place at the University of Victoria in Victoria, British Columbia, on March 22<sup>nd</sup> 2010 at the Bob Wright Centre (Ocean, Earth, and Atmospheric Sciences building). Approximately 70 people (students and public-at-large) came to this event, including Dr Bob Wright from the Bob Wright Centre. After the film screening, Mark Terry engaged the public very well and people asked many questions. He is passionate about his topic and can transmit his enthusiasm very well. I would be happy to give more information upon request.

A handwritten signature in purple ink that reads "Maeva Gauthier".
